Description			
Hi,			
Two quick questions regarding USoC W3. When might it be available to download from the UK Data Archive - currently I can see a 'latter part of 2013' estimate, is there an update on an exact date? Secondly, is it intended to ask a question on loneliness as part of the module on social networks?			
Thanks

Thanks for your interest in the study. We so far carry modules for social networks and perceived social support (rotating in Waves 1-6), but we are aware of the interest in this topic and will consider it for later waves.

The time table for the releases can be found here:
